VLADYSLAV RUDNITSKYI

Multimedia Designer I Video Producer I Team Leadership
Lviv I +380-96-60-55-026 I vladrud.dsgn@gmail.com

PROFILE

Multimedia Designer with 5+ years of commercial experience at the intersection of graphic design, video production, photography, and digital communications. Managed the full cycle of visual content creation—from concept, scriptwriting, and shooting to editing and publishing. Ensured cohesive visual communication for a retail chain (82 stores) during a period of business scaling and an 85% increase in company revenue. Created 30+ brand and informational videos displayed on 11 city digital LED screens. Collaborated with marketing to build a TikTok channel from zero to 55,000 followers, producing content that reached over 330K views on a single video. Master of Design and lecturer at Lviv Polytechnic National University. Actively integrating AI tools into video production and design workflows.

WORK EXPERIENCE

VIDEO PRODUCER & CONTENT CREATOR
2023-2025

"POLISSYA-PRODUCT" RETAIL CHAIN (82 STORES, THE LARGEST REGIONAL CHAIN)

Managed full-cycle video production, reporting directly to the Chief Marketing Officer (CMO).
Guided the visual transformation of the brand during a period of company revenue growth from 1.22 billion UAH to 2.26 billion UAH (+85%).

Video Production:

- Executed the complete production cycle: ideation, scriptwriting, directing, shooting, editing, motion design, and sound design.
- Created brand, informational, and promotional videos broadcasted on 10+ city LED screens in Zhytomyr.
- Produced video content for partner projects, including "Body Soul" massage studio, "Inter Design" interior design, "Labyrinth-kids" entertainment center, "Laser Arena" laser tag, and "WineTour" spirits boutique.
- Developed promotional materials for Food-to-Go zones and in-house brands (Polissya-Product, Mia Pizza, Power Cup coffee machines, including videos embedded in the machine interfaces).

Content Creation:

- Instagram: Drove organic growth from 5,000 to 18,000 followers (+260%).
- TikTok: Grew the channel from zero to 55,000 followers.
- Produced entertaining and viral content, achieving a maximum reach of 285K views on Instagram and 330K views on TikTok.

DESIGN LECTURER
2025- present

LVIV POLYTECHNIC NATIONAL UNIVERSITY

- Teaching 6 disciplines: "Multimedia Design", "Fundamentals of Project and Computer Graphics", "Drawing", "Web Design", "Interactive Design", and "VJing".
- Developing educational programs that integrate AI tools into modern design processes.
- Shaping students' comprehensive understanding of multimedia communication, from traditional drawing to interactive digital systems.

GRAPHIC DESIGNER
2023-2024

"LABYRINTH-KIDS", "WINETOUR", "LASER ARENA"

Served as the lead graphic designer for a children's entertainment center, a spirits boutique, and a laser tag arena.

- Designed print and outdoor promotional materials, including banners, citylights, billboards, menus, flyers, and certificates.
- Developed a refreshed brand identity and logo for "Laser Arena".
- Designed web elements and updated product/design catalogs.
- Designed website UI elements and managed content population.
- Created engaging visual content for social media platforms.

Collaborated with the marketing department to translate sales strategies into effective visual communication.
Adapted design solutions to meet specific business goals: conversion, brand awareness, and user engagement.
